Drugs

There can be no refund on treatment drugs taken from the clinic

Any other treatment drugs not taken from the clinic will be refunded at invoice price

Notes

- Includes HFEA registration fee of £75.00 for IVF/ICSI and FET and £37.50 for donor sperm use in IUI
- £20 per month payable by Direct Debit if there is a requirement for storage of eggs, sperm or embryos
- All prescribed drugs, which are in addition to the main treatment costs, may be purchased from Origin. The total quantity and, therefore, cost of drugs may be different for each couple and will be calculated individually for each cycle
- Main treatments include standard screening tests, USS blood tests required during monitoring, the anaesthetic fee for egg or sperm collection and medically indicated embryo transfer.
- £400 discount on IVF and ICSI treatments applies to patients attending for a second and subsequent treatment cycle. To qualify for this discount, a £600 deposit must be paid within six months of the date of the preceding review appointment.
Discount is applied to treatment price (excluding drugs) at Planning Appointment stage. Partial refunds will be reduced for patients eligible for this discount.
- This includes OI with clomid.
